#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Hidden Valley Lake Community Services District Hidden Valley Lake, California

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and each major fund of Hidden Valley Lake Community Services District, California (District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Directors Hidden Valley Lake Community Services District Hidden Valley Lake, California

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and each major fund of the District as of June 30, 2021, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, District Pension Plan information and District OPEB Plan information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section and combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

To the Board of Directors Hidden Valley Lake Community Services District Hidden Valley Lake, California

Ineth ~ June

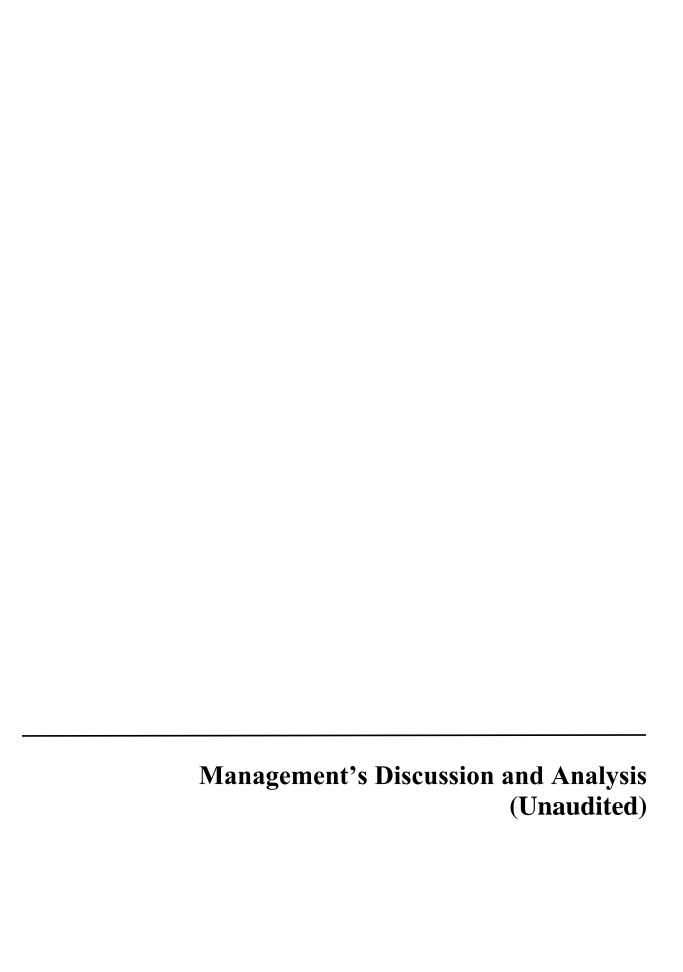

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 21, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Yuba City, California October 21, 2021

#### Introduction

This section of the Annual Financial Report contains a narrative overview and analysis of the Hidden Valley Lake Community Services District (District) financial activities for the year ended June 30, 2021.

The Management's Discussion and Analysis (MD&A) is a required section of the District's Annual Financial Report, as shown in the overview below. The purpose of the MD&A is to present a discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2021. This report will (1) focus on significant financial issues, (2) provide an overview of the District's financial activity, (3) identify changes in the District's financial position, (4) identify any individual fund issues or concerns, and (5) provide descriptions of significant asset and debt activity. Readers are encouraged to consider the information presented here in conjunction with the Annual Financial Statements.

This information, presented in conjunction with the Annual Basic Financial Statements, is intended to provide a comprehensive understanding of the District's operations and financial standing. The annual report consists of a series of basic financial statements and notes to those statements. These statements are organized so the reader can understand the District as an entire operating entity. The statements provide an increasingly detailed look at specific financial activities.

## **Financial Highlights**

Key financial highlights for the fiscal year ended June 30, 2021 were as follows:

- The Statement of Net Position indicates that total assets and deferred outflows of resources exceeded total liabilities and deferred inflows of resources by \$1,780,142. Unrestricted net position represents (\$956,140) and net investment in capital assets was at \$1,332,564. The remaining restricted amounts were \$946,545 for debt service and \$457,173 for capital facilities.
- Total net position increased \$189,346 (12%) in fiscal year 2020/21 compared to a 30% increase (365,362) in fiscal year 2019/20.
- Total assets increased (1%) from \$9,699,451 in fiscal year 2019/20 to \$9,779,638 in fiscal year 2020/21, mainly due the effects of depreciation and a small amount of capital improvement projects.
- Total liabilities decreased (7%) from \$8,523,750 in fiscal year 2019/20 to \$7,885,048 in fiscal year 2020/21.
- The District recorded deferred outflows of resources at \$442,596, a decrease of \$121,962 (22%) and deferred inflows of resources of \$557,044, an increase of \$407,581 (273%), in order to record the different components required by GASB 68 and 75 for pension and OPEB accounting and reporting. Deferred outflows of resources are technically not assets but increase net position similar to an asset and deferred inflows of resources are technically not liabilities but decrease net position similar to liabilities. See Note 1N on page 23 in the notes to basic financial statements for a definition of deferred inflows and outflows of resources.
- Total operating revenues increased by \$583,254 (15%) from fiscal year 2019/20.
- Total operating expenses increased \$269,132 (7%) from fiscal year 2019/20.

#### **Overview of the Financial Statements**

The financial section of this report consists of six parts.

- Independent Auditor's Report
- Management's Discussion and Analysis (Unaudited)
- Basic Financial Statements, which include: Government-Wide Financial Statements and Fund Financial Statements
- Notes to Basic Financial Statements
- Required Supplementary Information (Unaudited)
- Supplementary Information, which includes Combining Fund Financial Statements

The Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position provide information about the activities of the District, presenting an aggregate view of the District's finances. The basic financial statements also include notes explaining pertinent information in the financial statements and provide more detailed data.

The Basic Financial Statements for the District are presented as "Government-Wide" and Proprietary or Enterprise fund financial statements. The chart below provides an overview of the major features of the financial statements.

Chart A						
Major Features of Hidden Valley Lake Community Services District						
Government-Wide and Fund Financial Statements						
Government-Wide Statements Fund Statements						
	Government-wide Statements	Proprietary Funds				
Scope	Entire District government	Activities the District water and wastewater systems operated similar to private businesses				
Required financial statements	Statement of net position	Statement of net position				
	Statement of revenues expenses and changes in net position					
		Statement of cash flows				
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus				
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both financial and capital, and short-term and long-term				
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid				

#### **Financial Statements and Notes**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private sector business.

A "fund" is a group of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other local governments, uses fund

accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has two proprietary funds: Sewer Operations and Water Operations. Proprietary funds distinguish operating revenues and expenses from non-operating items.

The notes provide additional information that is essential to fully understanding the data provided in the financial statements. Below are summaries and comparisons of the fund financial statements.

#### **Net Position**

Table 1 Summary of Net Position June 30, 2021 and 2020

	<b>Enterprise Funds</b>						
		2021		2020	Doll	ar Change	Percent Change
Assets							
Current and other assets	\$	3,508,836	\$	3,137,526	\$	371,310	12%
Non current assets		6,270,802		6,561,925		(291,123)	-4%
Total Assets		9,779,638		9,699,451		80,187	1%
<b>Deferred Outflows of Resources</b>							
Deferred pension adjustments		324,754		428,664		(103,910)	-24%
Deferred OPEB adjustments		117,842		135,894		(18,052)	-13%
Total Deferred Outflows of Resources	3	442,596		564,558		(121,962)	-22%
Liabilities							
Current liabilities		513,692		578,234		(64,542)	-11%
Noncurrent liabilities		7,371,356		7,945,516		(574,160)	-7%
Total Liabilities		7,885,048		8,523,750		(638,702)	-7%
<b>Deferred Inflows of Resources</b>							
Deferred pension adjustments		43,158		82,076		(38,918)	-47%
Deferred OPEB adjustments		513,886		67,387		446,499	663%
Total Deferred Inflows of Resources		557,044		149,463		407,581	273%
Net Position							
Net investment in capital assets		1,332,564		1,309,712		22,852	2%
Restricted							
Debt Service		946,545		940,599		5,946	1%
Capital Facilities		457,173		250,984		206,189	82%
Unrestricted		(956,140)		(910,499)		(45,641)	5%
Total Net Position	\$	1,780,142	\$	1,590,796	\$	189,346	12%

Net position increased by \$189,345 to \$1,780,141 in FY 2020/21 as described below:

- Total assets increased by \$80,186 mainly due to water mainline infrastructure and access road repairs. Deferred outflows of resources decreased by \$121,962 mainly due to the OPEB obligation.
- Current liabilities (obligations due within 12 months) decreased by \$64,542.
- Non-current (long-term) liabilities decreased by \$574,160. Long-term liabilities are reduced each
  year as each series on the outstanding debt principal amounts are paid back to the bondholders.
  Additional information on the District's non-current liabilities can be found starting on page 29,
  Note 6 Long-Term Liabilities, page 32-36 Note 8 Pension Plan and Note 9 Other Postemployment

Benefits (OPEB) page 37 -39.

- The largest portion of the District's net position reflects its investment in capital assets (e.g., land, sewer & water lines and improvements, buildings, machinery, equipment, and vehicles) net of outstanding debt. The District uses these capital assets to provide services for the residents and businesses in its service area.
- Although the District's investment in its capital assets is reported net of debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used or sold to liquidate District liabilities. The remaining balance of the unrestricted net position may be used to meet the District's ongoing obligations to its customers and creditors. The net position also included restricted assets required by various debt agreements restricting revenues pledged to repay debt and restricted assets for capital facilities.

#### Revenues, Expenses, and Change in Net Position Statement Analysis

Table 2
Summary of Changes in Net Position
Statement of Revenues, Expenses and Changes in Net Position
For the Fiscal Years Ended June 30, 2021 and 2020

Change in Net Position	249,993	365,362	(115,369)	-32%	
Net Position - Beginning of Year	1,590,796	1,225,434	365,362	30%	
Prior Period Adjustment	(60,647)		(60,647)		
Net Position - Beginning of Year, Restated	1,530,149	1,225,434	304,715	25%	
Net Position - End of Year	\$ 1,780,142	\$ 1,590,796	\$ 189,346	12%	

The statement of revenues, expenses and changes in net position reflects the District's operating and non-operating revenues by major sources, operating and non-operating expenses by categories and capital contributions.

The District's \$189,346 (12%) change in net position during FY 2020/21 was characterized as follows:

- Total operating revenues increased by \$583,254 (15%) mainly due to increases in the sewer and water service and permit charges. Assessments collected from the County of Lake remain consistent while the permits and inspection revenues increased by \$28,439. This permit increase can mainly be attributed to the water moratorium rescission on July 28, 2020.
- Total operating expenses increased by \$269,132 from the prior fiscal year primarily due to continued disaster expenses from the LNU Complex Fire and rising costs of operations. The District submitted FEMA/CalOES funding requests to cover the unanticipated disaster expenses and has had much success recovering 95% of the expenses.

#### **Capital Asset Administration**

Table 3
Capital Assets (Net of Depreciation)
June 30, 2021 and 2020

	Business-Type Activities						
	2021	2020	Change	Change			
Land (not depreciated)	\$ 607,918	\$ 607,918	\$ -	0%			
Structures and improvements	1,923,396	2,042,109	(118,713)	-6%			
Equipment, vehicles and machinery	409,396	499,989	(90,593)	-18%			
Infrastructure	3,209,017	3,291,187	(82,170)	-2%			
Total	\$ 6,149,727	\$ 6,441,203	\$ (291,476)	-5%			

The District's net capital assets decreased from \$6,441,203 to \$6,149,727 for the year ended June 30, 2021. The total decrease of \$291,476 is mainly due to deprecation and no major improvements or purchases. Details of the capital asset transactions can be found on page 28, Note 4.

#### **Debt Administration**

 $Table\ 4$  Outstanding Long-Term Liabilities and Debt (net of debt discounts/premiums)  $June\ 30,2021\ and\ 2020$ 

	Business-Type Activities						
		2021		2020	_	Dollar Change	Percent Change
Liabilities							
Compensated Absences	\$	39,065	\$	29,118	\$	9,947	34%
Total Liabilities		39,065		29,118		9,947	34%
Debt							
Bonds		2,821,898		3,009,161	(	(187,263)	-6%
Loans		1,495,265		1,605,330	(	(110,065)	-7%
Certificates of Participation		500,000		517,000		(17,000)	-3%
Total Debt		4,817,163		5,131,491	(	(314,328)	-6%
Total Long-Term Liabilities and Debt	\$	4,856,228	\$	5,160,609	\$ (	(304,381)	-6%

The District's long-term debt was for the infrastructure of water lines, sewer lines, pump stations and processing plant. At year end June 30, 2021, the long-term debt decreased 6% from \$5,160,609 to \$4,856,228. Details of the debt outstanding can be found on page 29, Note 6.

## **Economic Factors and Budget**

For fiscal year 2020/21, Hidden Valley Lake Community Services District has 13 new residential water connections and 12 new residential sewer connections, a 300% increase from last year. This is a testimony to the positive effects of the water meter moratorium rescission of early 2020.

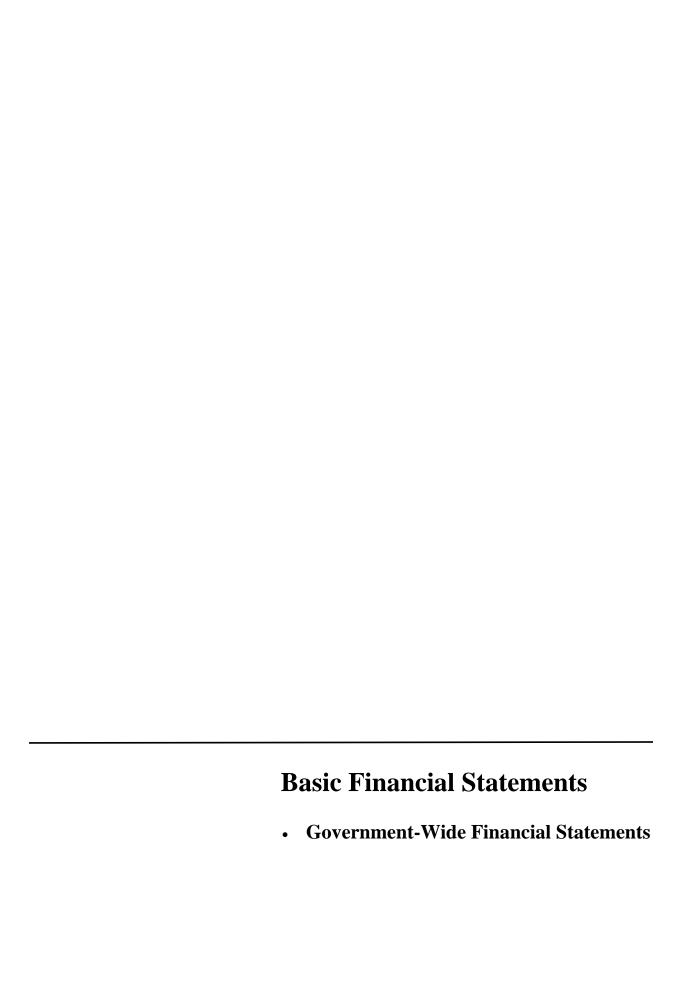

In the beginning of the fiscal year, an OSHA visit helped the District identify opportunities for safety improvements. After a six-month engagement, the safety budget was exceeded by \$26,502.

The ongoing epidemiological disaster event of COVID-19 and the natural disaster of extreme drought has negatively impacted the District, as it has for many industries. The moratorium of water shutoffs for non-payment has placed a financial burden on the District. The emergency proclamation by the State Governor's office urging conservation has also imposed a financial challenge to the District.

The rate study was finalized and enacted on 1/1/2021. This is a five-year schedule of rate increases to cover the newly calculated cost of service. A portion of revenues will be allocated to capital improvements that will improve the District's net capital asset position. An apportionment of new revenues is also allocated to repair/replace activities that will help offset the damaging effects of natural disasters and aging infrastructure. Also effective on 5/19/2020 were new capacity charges for residential and commercial connections The capacity charges incorporate the cost of service for capital improvements to aging infrastructure.

#### **Requests for Information**

This financial report is designed to provide citizens, customers, taxpayers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, please contact Dennis White, General Manager, Hidden Valley Lake Community Services District, 19400 Hartmann Road, Hidden Valley Lake, CA 95467, 707-987-9201, <a href="mailto:dwhite@hvlcsd.org">dwhite@hvlcsd.org</a>.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The Hidden Valley Lake Community Services District is a public corporation formed in 1984 under the provisions of the Community Services District Law, Division 3 of Title 6 (commencing with Section 61000) of the Government Code of the State of California. The District was formed for the purposes of providing for the collection of sewage, waste and storm water of the District and of its residents as well as the supply of water to the residents of the District. On January 1, 1993, Stonehouse Mutual Water Company merged with Hidden Valley Lake Community Services District. Stonehouse Mutual Water Company was a mutual water company which had been organized in June 1968 to provide water and sewer services to the owners of Hidden Valley Lake Association lots. The merger was approved by the shareholders with authorization to transfer all assets and liabilities to the District as of December 31, 1992, and dissolve Stonehouse Mutual Water Company. Notification was received from the Franchise Tax Board that the Certificate of Dissolution was filed as a conditional dissolution on January 21, 1993. Upon the issuance of a Tax Clearance Certificate by the Franchise Tax Board, the corporation was dissolved.

The activities of the District are governed by a Board of Directors, each of whom is elected to office for a term of four years by the registered voters of the District.

# **Component Units**

Generally accepted accounting principles require government financial statements to include the primary government and its component units. Component units of a governmental entity are legally separate entities for which the primary government is considered to be financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion would cause the combined financial statements to be misleading. The primary government is considered to be financially accountable if it appoints a majority of an organization's governing body and is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the primary government.

Based on the application of the criteria set forth by the Governmental Accounting Standards Board, management has determined that there are no component units of the District.

# **Joint Agencies**

The District is a member of the Special District Risk Management Authority (SDRMA). SDRMA is a joint powers authority organized for the purpose of providing coverage protection, risk management services, claims management as well as safety and loss prevention programs for its members. SDRMA is composed of member agencies and is governed by a board of directors appointed by the members. Complete audited financial statements can be obtained from SDRMA's office at 1112 I Street, Suite 300, Sacramento, CA 95814. The District is not financially accountable for this organization and therefore it is not a component unit under Statement Nos. 14, 39 and 61 of the Governmental Accounting Standards Board.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **B.** Basis of Presentation

#### **Government-Wide Financial Statements**

The Statement of Net Position and Statement of Activities display information on all the activities of the District. These statements include the financial activities of the overall District. Eliminations have been made to minimize the double counting of internal activities. These statements present the business-type activities of the District, which rely to a significant extent on assessments and fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each different identifiable activity of the District's business-type activities. Direct expenses are those that are specifically associated with a program or function and; therefore, are clearly identifiable to a particular function. Program revenues include (1) charges paid by the recipients of goods and services offered by the program, (2) operating grants and contributions, and (3) capital grants and contributions. Revenues that are not classified as program revenues, are presented instead as general revenues.

#### **Fund Financial Statements**

The fund financial statements provide information about the District funds, which are organized into the proprietary fund type. The operations of the District are organized as a series of sub-funds consolidated into two major proprietary funds which account for the total water and sewer operations. An emphasis is placed on major funds within the proprietary category; each is displayed in a separate column.

The District reports the following major proprietary funds:

- The Sewer Operations fund is an enterprise fund used to account for activity related to providing customers with sewer service and billing for service provided by the District.
- The Water Operations fund is an enterprise fund used to account for activity related to providing customers with water service and billing for service provided by the District.

# C. Basis of Accounting and Measurement Focus

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange include revenue from grants, entitlements, and donations. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Cash and Cash Equivalents

For purposes of the accompanying Statement of Cash Flows, the District considers all highly liquid investments with a maturity of three months or less when purchased, including investments with fiscal agent, to be cash equivalents.

#### E. Investments

The District pools cash and investments of all funds. Each fund's share in this pool is displayed in the accompanying financial statements as cash and investments.

Investment transactions are recorded on the trade date. The fair value of investments is determined annually. Investments in nonparticipating interest-earning investment contracts are reported at cost; short term investments are reported at amortized cost, investments in the State of California Local Agency Investment Fund, an external pool, are reported at amortized cost which approximates fair value, and the fair value of all other investments are obtained by using quotations obtained from independent published sources or by the safekeeping institution. The fair value represents the amount the District could reasonably expect to receive for an investment in a current sale between a willing buyer and seller.

Income from pooled investments is allocated to the individual funds based on the fund or participant's average daily cash balance at quarter end in relation to the total pool investments. Income from non-pooled investments is recorded based on the specific investments held by the fund.

#### F. Receivables

Receivables consist mainly of user fees, interest, intergovernmental, assessments, and delinquent assessments. Although Management believes all assessments are ultimately collectible because they are collected with property taxes, management has established an allowance for doubtful accounts of (\$22) for the Sewer Operations fund and (\$795) for the Water Operations fund. Accounts receivables are stated net of these amounts.

Assessments receivable are recognized when billed. Assessments receivable shown in the financial statements include only those assessments currently due or delinquent.

#### G. Other Assets

#### **Inventory**

Inventory items are recorded as expenses at the time inventory is purchased rather than when consumed. Records are not maintained of inventory and supplies on hand, although these amounts are not considered material.

# **Prepaid Costs**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The cost of prepaid items is recorded as expenses when consumed rather than when purchased.

# Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### H. Capital Assets

Capital assets, including public domain (infrastructure such as roads, bridges, sidewalks, sewer and similar items) are defined by the District as assets with a cost of \$1,000 or more. Capital assets are recorded at historical cost or estimated historical cost if actual historical cost is unavailable. Contributed capital assets are valued at their acquisition value at the time of donation.

Capital assets used in operations are depreciated or amortized using the straight-line method over the assets' estimated useful lives. The range of estimated useful lives by type of asset is as follows:

Depreciable Asset	Estimated Lives
Equipment	5 to 30 years
Structures and improvements	5 to 30 years
Infrastructure	20 to 75 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

#### I. Assessment Revenue

The District levies special assessments on the property owners within the District boundaries. The special assessments are collected along with property taxes by the County of Lake.

Lake County assesses properties, bills, collects, and distributes the assessments to the District.

Assessments are due in two installments (secured roll) on November 1 and March 12 and become delinquent after December 10 and April 10, respectively.

# J. Interfund Transactions

Interfund transactions are reflected as either loans, services provided or used, reimbursements or transfers.

Loans reported as receivables and payables are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans) as appropriate and are subject to elimination upon consolidation.

Services provided or used, deemed to be at market or near market rates, are treated as revenues and expenses. These services provide information on the net cost of each government function and therefore are not eliminated in the process of preparing the government-wide statement of activities.

Reimbursements occur when the funds responsible for particular expenses repay the funds that initially paid for them. Such reimbursements are reflected as expenses in the reimbursing fund and reductions to expenses in the reimbursed fund.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### J. Interfund Transactions (Continued)

All other interfund transactions are treated as transfers. Transfers between funds are netted as part of the reconciliation to the government-wide presentation.

# **K.** Compensated Absences

The District's policy regarding compensated absences is to permit employees to accumulate earned but unused vacation leave. The liability for these compensated absences is recorded as long-term liabilities in the government-wide and proprietary fund financial statements. The current portion of this debt is estimated based on historical trends.

# L. Pension

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pension, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date June 30, 2019 Measurement Date June 30, 2020

Measurement Period June 30, 2019 to June 30, 2020

# M. Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date June 30, 2020 Measurement Date June 30, 2020

Measurement Period June 30, 2019 to June 30, 2020

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### N. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then. The District has two items that qualify for reporting in this category. These items relate to the outflows from changes in the net pension liability and net OPEB liability and are reportable on the Statement of Net Position.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. These items relate to the inflows from changes in the net pension liability and net OPEB liability and are reportable on the Statement of Net Position.

#### O. Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

# P. Implementation of Governmental Accounting Standards Board (GASB) Statements

The following Governmental Accounting Standards Board (GASB) Statements have been implemented, if applicable, in the current financial statements.

**Statement No. 84,** Fiduciary Activities. This statement enhances consistency and comparability by (1) establishing specific criteria for identifying activities that should be reported as fiduciary activities and (2) clarifying whether and how business-type activities should report their fiduciary activities. Greater consistency and comparability enhance the value provided by the information reported in financial statements for assessing government accountability and stewardship.

**Statement No. 90,** Majority Equity Interests. This statement improves financial reporting by providing users of financial statements with essential information related to presentation of majority equity interests in legally separate organizations that previously was reported inconsistently. In addition, requiring reporting of information about component units if the government acquires a 100 percent equity interest provides information about the cost of services to be provided by the component unit in relation to the consideration provided to acquire the component unit.

#### **Q.** Future Accounting Pronouncements

The following GASB Statements will be implemented in future financial statements:

Statement No. 87 "Leases"

The requirements of this statement are effective for periods beginning after June 15, 2021. (FY 21/22)

Notes to Basic Financial Statements For the Year Ended June 30, 2021

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# NOTE 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. Restatement of Net Position

Adjustments resulting from errors or a change to comply with provisions of the accounting standards are treated as adjustments to prior periods. Accordingly, the District reports these changes as restatements of beginning net position. During the current year the District reported a prior period adjustment to correct capital assets.

# Notes to Basic Financial Statements For the Year Ended June 30, 2021

# NOTE 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

# A. Restatement of Net Position (Continued)

The impact of the restatement on the net position of the government-wide financial statements as previously reported is presented below:

	Business-Type Activities
Net Position, June 30, 2020 as previously reported	\$ 1,590,796
Adjustment associated with: Correction to capital assets	( 60,647)
Total Adjustments	( 60,647)
Net Position, July 1, 2020 as restated	\$ 1,530,149

The impact of the restatement on the net position of the fund financial statements as previously reported is presented below:

	~	ewer rations
Net Position, June 30, 2020 as previous reported	\$	241,919
Adjustment associated with: Correction of capital assets	_(	60,647)
Total Adjustments	(	60,647)
Net Position, July 1, 2020 as restated	\$	181,272

#### NOTE 3: CASH AND INVESTMENTS

#### A. Financial Statement Presentation

As of June 30, 2021, the District's cash and investments consisted of the following:

Cash:	
Cash on hand	\$ 600
Deposits (less outstanding checks)	<u>1,881,855</u>
Total Cash	1,882,455
Investments:	
Investments with fiscal agent	176,404
Local Agency Investment Fund (LAIF)	627,345
Total Investments	803,749
Total Cash and Investments	<u>\$ 2,686,204</u>

#### B. Cash

At year end, the carrying amount of the District's cash deposits (including amounts in checking and money market accounts) was \$1,881,855, and the bank balance was \$1,931,824. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit. In addition, the District had cash on hand of \$600.

# Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 3: CASH AND INVESTMENTS (CONTINUED)

#### **B.** Cash (Continued)

Custodial Credit Risk for Deposits - Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or collateral securities that are in the possession of an outside party. The District complies with the requirements of the California Government Code. Under this code, deposits of more than \$250,000 must be collateralized at 105 percent to 150 percent of the value of the deposit to guarantee the safety of the public funds. The first \$250,000 of the District's deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Deposits of more than the \$250,000 insured amount are collateralized.

#### C. Investments

Investments are selected based on safety, liquidity and yield. The District's investment policy is more restrictive than the California Government Code. Under the provisions of the District's investment policy and the California Government Code, the District may invest or deposit in the following:

Repurchase Agreements
Local Agency Investment Fund (LAIF)
U.S. Treasury Bonds/Notes/Bills
U.S. Government Agency Obligations
Bankers' Acceptances
Commercial Paper
Negotiable Certificates of Deposit
Time Certificates of Deposit
Reverse Repurchase Agreements

Fair Value of Investments - The District measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy as follows:

Level 1: Quoted prices for identical investments in active markets; Level 2: Observable inputs other than quoted market prices; and,

Level 3: Unobservable inputs

The District's position in external investment pools is in itself regarded as a type of investment and looking through to the underlying investments of the pool is not appropriate. Therefore, the District's investment in external investment pools is not recognized in the three-tiered fair value hierarchy described above.

At June 30, 2021, the District had the following recurring fair value measurements:

				Fair Value Measurements Using				
Investment Type		Fa	ir Value	Level 1	Level 2	Level 3		
Investments by Fair Value Level								
Money market mutual funds		\$	176,404	\$ 176,404	<u>\$ -</u>	\$ -		
Total Investments Measured at Fair Value			176,404	<u>\$ 176,404</u>	<u>\$</u>	<u>\$ -</u>		
Investments in External Investment Pool								
LAIF			627,345					
Total Investments		\$	803,749					
	-26-							

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 3: CASH AND INVESTMENTS (CONTINUED)

#### **C.** Investments (Continued)

Interest Rate Risk - Interest rate risk is the risk of loss due to the fair value of an investment falling due to interest rates rising. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. To limit exposure to fair value losses resulting from increases in interest rates, the District's investment policy limits investment maturities to a term appropriate to the need for funds so as to permit the District to meet all projected obligations.

As of June 30, 2021, the District had the following investments, all of which had a maturity of 5 years or less:

				Weighted	
Investment Type	Interest Rates	0-1 year	1-5 years	Fair Value	Average Maturity (Years)
Investments Held by Fiscal Agents Money market mutual funds	Variable	<u>\$ 176,404</u>	<u>\$</u> _	\$ 176,404	
Total Investments Held by Fiscal Agents		176,404		176,404	
Pooled Investments LAIF	Variable	627,345		627,345	
Total Pooled Investments		627,345		627,345	
Total Investments		\$ 803,749	<u>\$ -</u>	<u>\$ 803,749</u>	

Credit Risk - Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code or the District's investment policy, and the actual rating as of year-end for each investment type.

Investment Type	Minimum Legal <u>Rating</u>	Standard & Poor's Rating	Moody's Rating	% of Portfolio
Money Market Mutual Funds LAIF	A N/A	AAAm Unrated	Aaa-mf Unrated	21.95% 78.05%
Total				100.00%

Custodial Credit Risk - Custodial credit risk for investments is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or collateral securities that are in the possession of an outside party. To mitigate the custodial credit risk, the District's investment policy requires that all securities owned by the District shall be held in safekeeping by a third party bank trust department.

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer of securities. When investments are concentrated in one issuer, this concentration presents a heightened risk of potential loss. The District's investment policy contains limitations on the amount that can be invested in any one issuer. All investments of the District were pooled with LAIF, which holds a diversified portfolio of high quality investments, or held by fiscal agents.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 3: CASH AND INVESTMENTS (CONTINUED)

#### D. Investment in External Investment Pool

The District maintains an investment in the State of California Local Agency Investment Fund (LAIF), managed by the State Treasurer. This fund is not registered with the Securities and Exchange Commission as an investment company, but is required to invest according to California State Code. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by State Statute. At June 30, 2021, the District's investment in LAIF valued at amortized cost was \$627,345 and is the same as the value of the pool shares. There are no restrictions on withdrawal of funds. The total amount invested by all public agencies in LAIF on that day was \$193.3 billion. Of that amount, 97.69 percent is invested in non-derivative financial products and 2.31 percent in structured notes and asset-backed securities.

# NOTE 4: CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2021, was as follows:

	Balance July 1, 2020	Additions	Retirements/ Adjustments	Balance June 30, 2021	
Capital Assets, Not Being Depreciated Land	\$ 607,918	\$ -	\$ -	\$ 607,918

#### NOTE 7: NET POSITION

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- Net investment in capital assets consists of capital assets including restricted capital assets, net
  of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages,
  notes or other borrowings that are attributable to the acquisition, construction or improvement of
  those assets.
- **Restricted net position** consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net position all other net position that does not meet the definition of "restricted" or "net investment in capital assets".

# **Net Position Flow Assumption**

When a government funds outlays for a particular purpose from both restricted and unrestricted resources, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted net position are available, it is considered that restricted resources are used first, followed by the unrestricted resources.

# Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 8: PENSION PLAN

#### A. General Information about the Pension Plan

### **Plan Description**

All qualified permanent and probationary employees are eligible to participate in the District's Miscellaneous Employee Pension Plan (Plan), a cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plan are established by State statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Effective January 1, 2013, the District added a retirement tier for the Miscellaneous Plan for new employees as required under the Public Employee Pension Reform Act (PEPRA). New employees hired on or after January 1, 2013 will be subject to new, lower pension formulas, caps on pensionable income levels and new definitions of pensionable income. In addition, new employees will be required to contribute half of the total normal cost of the pension benefit unless impaired by an existing Memorandum of Understanding. The cumulative effect of these PEPRA changes will ultimately reduce the District's retirement costs.

# **Summary of Rate of Tiers and Eligible Participants**

Open for New Enrollment Miscellaneous PEPRA

Miscellaneous members hired on or after January 1, 2013

Closed to New Enrollment

Miscellaneous members hired before January 1, 2013

#### **Benefits Provided**

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 (age 52 for Miscellaneous plan members if the membership date is on or after January 1, 2013) with statutorily reduced benefits. Retirement benefits are paid monthly for life. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Each Rate Tier's specific provisions and benefits in effect at June 30, 2021, are summarized as follows:

	Benefit <u>Formula</u>	Retirement Age	Monthly Benefits as a % of Eligible Compensation
Miscellaneous	2.5% @ 55	50-55	1.420% to 2.418%
Miscellaneous PEPRA	2.0% @ 62	50-62	1.000% to 2.500%

# Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 8: PENSION PLAN (CONTINUED)

### A. General Information about the Pension Plan (Continued)

#### **Contributions**

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan is determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

	Employer	Employee	<b>Employer Paid</b>
	Contribution	Contribution	Member
	Rates	Rates	Contribution Rates
Miscellaneous	12.361%	8.000%	0.000%
Miscellaneous PEPRA	7.732%	6.750%	0.000%

For the year ended June 30, 2021, the contributions recognized as part of pension expense for the Plan was as follows:

			Contributions	-Employee
	Contribution	ons-Employer	(Paid by E	mployer)
Miscellaneous	\$	209,325	\$	_

# B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pension

The District's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2020, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The District's proportionate share of the net pension liability for the Plan as of June 30, 2020 and 2021 was as follows:

	Proportion	Proportion	Change-
	June 30, 2020	June 30, 2021	Increase (Decrease)
Miscellaneous	.03809%	.03751%	(.00058%)

As of June 30, 2021, the District reported a net pension liability for its proportionate share of the net pension liability of the Plan as follows:

	Proportionate Share of Net
	Pension Liability
Miscellaneous	<u>\$ 1,582,280</u>
Total Net Pension Liability	\$ 1,582,280

# Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 8: PENSION PLAN (CONTINUED)

# B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pension (Continued)

For the year ended June 30, 2021 the District recognized pension expense of \$300,530. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	red Outflows Resources		rred Inflows Resources
Pension contributions subsequent to the measurement date	\$ 178,707	\$	_
Changes of assumptions	-	(	11,285)
Difference between expected and actual experience	81,540		-
Difference between projected and actual earnings on			
pension plan investments	47,004		-
Difference between District contributions and proportionate			
share of contributions	4,392	(	7,571)
Change in employer's proportion	13,111	(	24,302)
Total	\$ 324,754	( <u>\$</u>	43,158)

\$178,707 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30	
2022	\$ 11,598
2023	41,429
2024	27,317
2025	22,545
Thereafter	 <u> </u>
Total	\$ 102,889

# **Actuarial Assumptions**

The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Investment Rate of Return	7.15%
Inflation	2.50%
Salary Increases	Varies by entry-age and service
Mortality Rate Table	Derived using CalPERS' membership data for all funds
Post-Retirement Benefit Increase	Contract COLA up to 2.50% until Purchasing Power
	Protection Allowance Floor on Purchasing Power applies

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 8: PENSION PLAN (CONTINUED)

B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pension (Continued)

#### **Actuarial Assumptions (Continued)**

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90 percent of scale MP 2016. For more details on this table, please refer to the December 2017 Experience Study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### **Long-Term Expected Rate of Return**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical and forecasted information for all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

# Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 8: PENSION PLAN (CONTINUED)

# B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pension (Continued)

#### **Long-Term Expected Rate of Return (Continued)**

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	Assumed Asset <u>Allocation</u>	Real Return Years 1 – 10(a)	Real Return Years 11+(b)
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
Total	<u> 100.0%</u>		

<sup>(</sup>a) An expected inflation of 2.00% used for this period

#### Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability for the Plan as of the measurement date, calculated using the discount rate for the Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1%	Discount	1%
	Decrease	Rate	Increase
	6.15%	7.15%	8.15%
Miscellaneous	\$ 2,446,908	\$ 1,582,280	\$ 867,863

#### **Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

<sup>(</sup>b) An expected inflation of 2.92% used for this period

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 9: OTHER POSTEMPLOYMENT BENEFITS (OPEB)

#### A. General Information about the OPEB Plan

### **Plan Description**

The District provides a single-employer defined benefit healthcare plan (the "Retiree Health Plan") for eligible employees. The Retiree Health Plan provides lifetime retiree medical coverage for eligible retirees through Special District Risk Management Authority (SDRMA) the District's group health insurance plan. The Board of Directors reserves the authority to review and amend the funding policy from time to time, in order to ensure that the funding policy continues to best suit the circumstances of the District. No assets were accumulated in a trust that meets the criteria in paragraph 4 of Governmental Accounting Standards Board Statement No. 75.

The coverage requires the employee to meet the following requirements:

- Satisfaction of requirements for retirement under CalPERS, and
- Retirement from the District having reached at least age 55 and completing a minimum of 5 years of service with the District.

#### **Benefits Provided**

The District provides the following benefits to qualifying retirees who elect to continue medical coverage offered by the District. The benefits continue for the retiree's lifetime:

- 50 percent of the medical premiums for the retiree
- 50 percent of the medical premiums for the retiree's spouse, if covered, while the retiree is living

A retiree may elect to cover eligible dependents other than a spouse, provided the retiree pays 100 percent of any additional premium for their coverage.

Coverage and/or the premiums subsidy above are not available in retirement in these circumstances:

- For survivors, after the retiree's death (other than as available under COBRA)
- For retirees eligible for PERS retirement from the District but failing to satisfy the age and service requirements above
- For retirees who meet the age and service requirements but do not continue their medical coverage through the District

The 2021 monthly healthcare premium rates are shown below:

SDRMA 2021 Rates Northern California						
Plan	Employee Only		Employee + 1		Employee +2	
Blue Shield PPO Gold	\$ 958.93		\$	1,918.89	\$ 2,4	92.60
Gold PPO Medicare		615.94		1,231.88	1,8	47.82

# Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 9: OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

### A. General Information about the OPEB Plan (Continued)

# **Employees Covered By Benefit Terms**

At June 30, 2021 the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	3
Active employees	10
Total	13

#### **B.** Net OPEB Liability

The District's net OPEB liability of \$1,284,608, was measured as of June 30, 2020, and was determined by the actuarial valuation as of June 30, 2020.

# **Actuarial Assumptions and Other Inputs**

The net OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Funding method	Entry-Age Normal Cost, level percent of pay			
Asset valuation method	Not applicable (\$0; no OPEB trust has been established)			
Salary increases	3.00% per year; since benefits do not depend on salary, this is used on			
	to allocate the cost of benefits between services years			
Discount rate	3.13% as of June 30, 2019 and 2.45% as of June 30, 2020			
Healthcare cost trend rates	5.8% for 2021, decreasing .1% per year to an ultimate rate of 4.0% for			
	2076 and later years			
General inflation rate	2.50% per year			

Demographic actuarial assumptions used in the valuation are based on the 2017 experience study of the California Public Employees Retirement System using data from 1997 to 2015, except for a different basis used to project future mortality improvement. The representative mortality rates were those published by CalPERS adjusted to back out 15 years of Scale MP 2016 to central year 2015.

# C. Changes in the Net OPEB Liability

	Net OPEB Liability
Balance at June 30, 2020	\$ 1,600,339
Changes for the year:	
Service cost	176,637
Interest	55,105
Differences between expected and actual experience	( 521,254)
Changes of assumptions	6,626
Benefit payments	(32,845)
Net changes	(315,731)
Balance at June 30, 2021	<u>\$ 1,284,608</u>

Changes of assumptions reflects a change in the discount rate from 3.13 percent to 2.45 percent.

# Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 9: OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

# **C.** Changes in the Net OPEB Liability (Continued)

# Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current discount rate:

	1% Decrease	Current Rate	1% Increase
	(2.13%)	(3.13%)	(4.13%)
Net OPEB liability	\$ 1,526,937	\$ 1,284,608	\$ 1,092,647

# Sensitivity of the Net OPEB Liability to Changes in the Healthcare Trend Rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage point lower or 1-percentage point higher than the current healthcare cost trend rates:

	Cu	rrent Trend			Cu	rrent Trend
		-1%	Cur	rent Trend		+1%
Net OPEB Liability	\$	1,064,799	\$	1,284,608	\$	1,568,945

# D. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the District recognized OPEB expense of \$173,141. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	ed Outflows Resources		rred Inflows Resources
Contributions made subsequent to the measurement date	\$ 24,321	\$	-
Changes of assumptions	93,521	(	53,385)
Differences between expected and actual experience	 <u> </u>	(	460,501)
Total	\$ 117,842	( <u>\$</u>	513,886)

\$24,321 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized in the next fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended		
2022	(\$	58,601)
2023	(	58,601)

2025	(	54,873)
2026	(	45,704)
Thereafter	(	143,985)
	( <u>\$</u>	420,365)

Notes to Basic Financial Statements For the Year Ended June 30, 2021

#### NOTE 10: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has joined together with other municipalities to participate in the Special District Risk Authority Management (SDRMA) for general liability, vehicle liability, and errors and omissions purposes. SDRMA is a public entity risk pool which serves as a common risk management and insurance program. The District pays an annual premium to SDRMA for its insurance coverage. The agreements with SDRMA provide that they will be self-sustaining through member premiums and will reinsure through commercial companies for excess coverage.

There is no claims liability to be reported based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

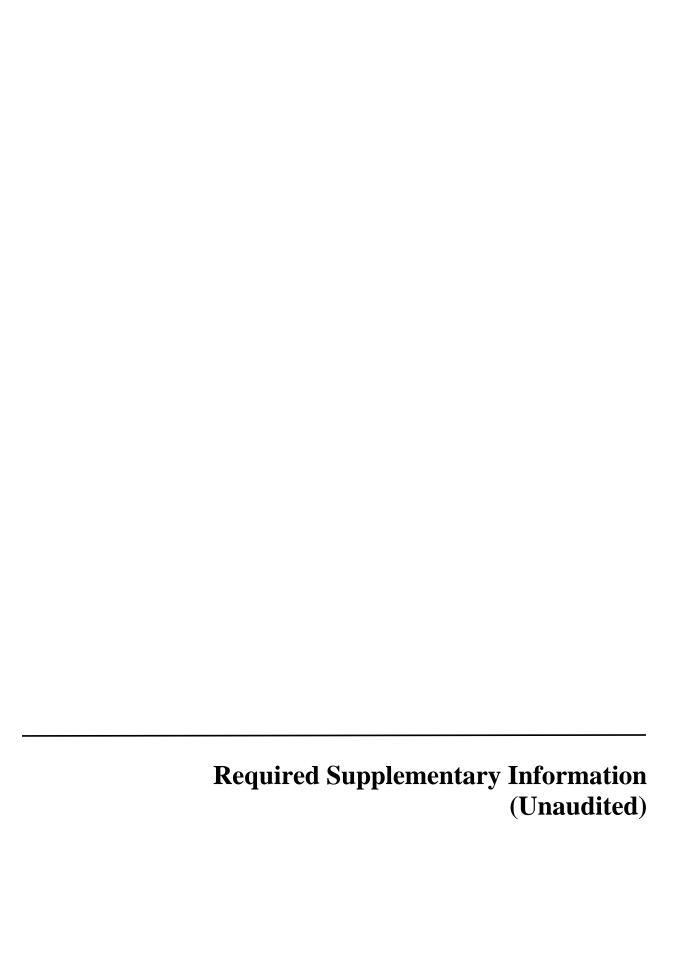

There are no significant reductions in insurance coverage from prior years and there have been no settlements exceeding the insurance coverages for each of the past three fiscal years.

#### NOTE 11: OTHER INFORMATION

#### A. Subsequent Events

Management has evaluated events subsequent to June 30, 2021 through October 21, 2021, the date on which the financial statements were available for issuance. Management has determined no subsequent events requiring disclosure have occurred.

# **SMITH & NEWELL**

CERTIFIED PUBLIC ACCOUNTANTS

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Hidden Valley Lake Community Services District Hidden Valley Lake, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the business-type activities and each major fund of Hidden Valley Lake Community Services District, California (District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 21, 2021.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Directors Hidden Valley Lake Community Services District Hidden Valley Lake, California

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITOR'S MANAGEMENT LETTER

To the Board of Directors Hidden Valley Lake Community Services District Hidden Valley Lake, California

In planning and performing our audit of the financial statements of Hidden Valley Lake Community Services District, (District) as of and for the year ended June 30, 2021, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, we considered the District's internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

However, during our audit we became aware of matters that are opportunities for strengthening internal controls and operating efficiencies. The appendix that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated October 21, 2021, on the financial statements of the District.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with District management, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of management, the Board of Directors, and others within the District and is not intended to be, and should not be, used by anyone other than these specified parties.

# **Appendix A: Management Letter Comments For the Year Ended June 30, 2021**

#### CURRENT YEAR FINDING AND RECOMMENDATION

#### **Prior Period Adjustment**

#### Criteria

Generally Accepted Accounting Principles require that errors in the prior year ending balances be corrected by a prior period adjustment to the beginning net position.

#### Condition

During our audit, errors were noted on the District's depreciation schedule.

#### Cause

The District's depreciation schedule included one capital asset that had been listed twice.

#### **Effect**

Beginning net position was misstated and required adjustment.

#### **Questioned Cost**

No questioned costs were identified as a result of our audit procedures.

#### Context

Not applicable.

#### **Repeat Finding**

This is not a repeat finding.

#### Recommendation

We recommend that the District maintain and annually review the depreciation schedule, including accumulated depreciation and current year depreciation expense, for accuracy.

#### Views of Responsible Officials and Planned Corrective Action

Refer to separate Management's Corrective Action Plan for views of responsible officials and management's responses.

### Appendix B: Management's Corrective Action Plan For the Year Ended June 30, 2021

#### **Prior Period Adjustment**

We recommend that the District maintain and annually review the depreciation schedule, including accumulated depreciation and current year depreciation expense, for accuracy.

Management's Response: The District concurs with the finding.

Responsible Individual: Trish Wilkinson, Accounting Supervisor

Corrective Action Plan: The Accounting Supervisor will annually review the depreciation

schedule, including accumulated depreciation and current year

depreciation expenses, for accuracy.

Anticipated Completion Date: 6/30/2022

# COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE AT THE CONCLUSION OF THE AUDIT

To the Board of Directors Hidden Valley Lake Community Services District Hidden Valley Lake, California

We have audited the financial statements of the business-type activities and each major fund of Hidden Valley Lake Community Services District (District) for the year ended June 30, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and Government Auditing Standards and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you during the planning of our audit. Professional standards also require that we communicate to you the following information related to our audit.

#### SIGNIFICANT AUDIT MATTERS

#### **Qualitative Aspects of Accounting Practices**

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in the notes to the financial statements. In 2020-21, the District implemented, if applicable, Governmental Accounting Standards Board (GASB) Statement Nos. 84 and 90. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the District's financial statements are depreciation of capital assets, net pension liability and net OPEB liability.

Management's estimate of depreciation is based on estimated or actual historical cost and the useful lives of such assets. Management's estimates of the net pension liability and net OPEB liability are based on actuarial reports. We evaluated the key factors and assumptions used to develop the District's estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

#### **Difficulties Encountered in Performing the Audit**

We encountered no significant difficulties in dealing with management in performing and completing our audit.

To the Board of Directors Hidden Valley Lake Community Services District Hidden Valley Lake, California

#### **Corrected and Uncorrected Misstatements**

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

#### Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### **Management Representations**

We have requested certain representations from management that are included in the management representation letter.

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### OTHER MATTERS

We applied certain limited procedures to the Management's Discussion and Analysis, District Pension Plan information and District OPEB Plan information which are required supplementary information (RSI) that supplement the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

To the Board of Directors Hidden Valley Lake Community Services District Hidden Valley Lake, California

We were engaged to report on the combining statements, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory section, which accompanies the financial statements but is not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

#### RESTRICTION ON USE

This information is intended solely for the information and use of the Board of Directors and management of the District and is not intended to be, and should not be, used by anyone other than these specified parties.
